

The Oakland Learning Blueprint

Admissions Guide 2026–27

Nursery to Grade 8

A Considered Choice

Choosing a school is not about popularity.
It is about **direction**.

Oakland Schools is built for families who value **structure, stability, and steady academic growth**.

- Our classrooms are **calm**.
- Our expectations are **clear**.
- Our approach is **consistent**.

If you are seeking **long-term strength** rather than short-term noise, you are in the **right place**.

Before You Apply

Admission to Oakland is a thoughtful process.

We seek alignment between:

- The child's readiness
- The family's expectations
- The school's academic framework

This application is the first step in understanding that alignment.

We encourage parents to review our Academic Handbook separately for detailed information about curriculum, programs, and infrastructure.

This document focuses on enrollment.

What We Value

At Oakland, we value:

Clarity over comparison.

Consistency over constant change.

Depth over speed.

Partnership over pressure.

Education here is **steady, deliberate, and structured.**

We ask families to approach this journey with the same seriousness.
